Ask HHResp (i.e. HRP or HRP's partner)

[LcSvPr] The next questions are about services which may exist in your local area and which affect your standard of living

I am now going to ask you about services which may exist in your local area. For the services you do not use, please tell me whether you do not use them because 'you don't want to' or because 'they are unavailable or inadequate' or because 'you can't afford to' use them.
