"My name is X. I'm from Essex/London University. We're preparing a report (writing a book) about standards of living in Britain today and how families manage. We think it's important for the Government and everyone else to know what the facts really are. We're hoping to talk to about 3,000 families throughout the country and I'd be very grateful if you could help us by answering some questions. All our information is, of course, strictly confidential."

(b) What would you describe as poverty?

WRITE IN ANSWER

I saw poverty during the last war in the East, people left to rot in the streets dying, now what we have here is hardship - you can do something about that yourself. Poverty that always beats you.

(c) Would you say that if people are in poverty its mainly

X - their own fault?  
 Y - the Government's fault?  
 0 - the fault of their education?  
 1 - the fault of industry not providing the right jobs?  
 2 - anything else? (SPECIFY)
